Dear Sir/Madam

## Sleat Housing Survey

This confidential and anonymous survey of housing need and demand in Sleat is being carried out by Our Island Home on behalf of Sleat Community Trust. Our Island Home is part of the Rural Housing Service, a national charity which supports rural housing.

We are asking for your help to find out what kind of new housing is required to meet the needs of local people. Sleat Community Trust will use this information to ensure that future housing development is the right size, kind and tenure to fit with what is needed in Sleat.

The survey can be returned in a number of ways:

- posted in the drop box at the community Post Office in Armadale.
- by hand to the Trust Office, Armadale, Sleat, IV45 8RS.
- by hand in a sealed envelope to a Trustee or Trust volunteer within your area.
- online through Survey Monkey - <https://www.surveymonkey.com/s/TKVXBCK>

**Through your help in completing the survey we hope to find out what kind of housing and housing services are required to meet the future needs of the Sleat community.**

A meeting will be organised by SCT in the coming months to further discuss the survey and to get local views of housing needs in the area. The survey form is also your opportunity to make your views known.

The form should be returned by any of the methods above before

Thank you for your help.

Yours sincerely

Jodi Macleod
